Employment History

Kumon

June 2017 – June 2018

Field Consultant

- Being able to set up and provide the students their classwork and homework before entering the classroom.
- Check and correct work that the students completed in the classroom.
- Prepare worksheets for the students to do their homework.
- Answer any questions the students have on their classwork.

DoorDash

Dasher

May 2022 – Present

- Being able to pick up and deliver food on time to the customer at hand.

Projects

Film Search Engine

January 2022 – May 2022

- A group project in which we constructed a search engine for films.
- We were able to web scrape data from IMDB and insert it into the database of our website.

The Percentage Below Poverty of the Poorest Towns in NJ

April 2022- May 2022

- A final project in my Python class, in which I made a program that shows visualizations of the top 10 poorest towns in NJ.
- A bar chart and pie chart are able to display the data in order to spread awareness for the subject at hand.

Orange vs. Grapefruit

November 2022 - December 2022

- Used the Orange vs. Grapefruit dataset to perform various methods in order to evaluate its specific values.

Senior Project

January 2023 - Present

- My group and I created a website in which you could get live (or past) scores of various sports.
